Happy Mother's Day

May 9th

Line Patrol

It's that time of year again and our Linemen are out and about doing Line Patrol.

The reason for Line Patrol is to ensure that anything that needs replacing or upgraded, gets done this year.

You'll see our company trucks in and out of yards checking poles, lines and trees to ensure the best possible service we can provide.

A \$500 scholarship will be awarded to two qualifying students. The Scholarships are based on a combination of accomplishments including academic, non-academic, volunteerism and personal endeavors. For more information, please contact the office or refer to our website www.lakelandrea.com under the "Member Services" tab, under "Member Community".

Lakeland REA Ltd. scholarship application deadline is August 1, 2021.

2021 Annually Survey

Watch for the 2021 Annually Survey with your May Statement.

How to Reset your Breaker

We ask all our members to check your main breaker at the transformer pole before calling in about a power outage. It's as simple as flipping on a light switch. It saves you time as well as our Linemen.

- Why do we ask you to do this first?

- You might have overloaded your breaker and it tripped. Turn off what you were running and try resetting the breaker. If this is the case you'll have power restored immediately and you won't have to wait for a Linemen to travel out and trouble shoot the problem.

- Once you reset the breaker and still have no power, please call the office and a Linemen will be dispatched.

- How do I reset my breaker?

- We have 2 styles of breaker throughout our membership. Locate the breaker outside on the transformer pole and find the switch. Even if the switch is still in the on position turn it to the off position and then on again.
