## **YOUR SAFETY IS IMPORTANT TO LAKELAND REA!**

With seeding and spring work fast approaching, Lakeland REA wants to remind you to be safe around power lines. As farm equipment has gotten increasingly larger in size, overhead safety must be a priority. Be sure that you know the location of overhead power lines. If you have purchased any new cultivators, air seeders or grain augers, please contact our office and we can ensure that your equipment is within a safe distance from the power lines on your property.

**SAFETY IS AS SIMPLE AS ABC – ALWAYS BE CAREFUL!**
